How to change the Search Settings Region Location in Google

If you find that google location changes regularly and so your google pages either show a different language or search results become specific to a country, read on.

Make sure you do this while visiting both google.co.uk and google.com (or you other country google pages).

Select Settings from the bottom right

From the popup menu select Search Settings

Scroll down the page to Region Settings and Click on Show More

Current Region	 Andorra 	 Armenia 	 Bahrain
Afghanistan	 Angola 	 Australia 	 Bangladesh
Albania	 Anguilla 	 Austria 	 Belarus
Algeria	 Antigua & Barbuda 	 Azerbaijan 	 Belgium
American Samoa	 Argentina 	 Bahamas 	 Belize
ow more +			

Select United Kingdom and click the Save button

Andisa I.T. Consultants Ltd. Registered in England and Wales No: 004994671

How to check or change the Language in Google Search Settings

Select Settings from the bottom right

	Gmail	Images		Sign in
Gongle				
Google Search I'm Feeling Lucky				
	F	Privacy	Terms	Settings

From the popup menu select Search Settings

Click Languages on the left and ensure English is selected and then click the Save button.
